

ArtSalon makes its debut at Pioneer Valley

The ArtSalon, a dynamic event of engaging presentations by established and emerging artists of the Pioneer Valley, will debut at the Amy H. Carberry Fine Arts Gallery at Springfield Technical Community College tomorrow.

The ArtSalon provides an opportunity for artists and designers of all media to present their work and ideas in a format called SlideShare of 20 slides shown. Each slide is shown for 20 seconds. The public is invited to meet and join the artists, creators, critics, and collectors in a friendly, social gathering of conversations about the arts in the community.

Presenting artists include Jorge Costas, Douglas, Marla Sheleska, Jessica Poser and Sandra Matthews, who are working as artists and teachers in the Pioneer Valley. Matthews is also on view at the Carberry Gallery through April 6.
